CALL FOR PRESENTATION ABSTRACTS

All submissions must be received on or before January 18, 2016

A. OVERVIEW

The North Carolina chapter of the Healthcare Information Management Systems Society invites you to share your knowledge by presenting at their 2016 conference in Raleigh, NC.

NC HIMSS welcomes presentations that highlight activities within and across North Carolina and boundary states. The most well-received presentations historically are those that do not come across as a sales pitch. Therefore, all vendor presentations should be led and/or accompanied by a provider as a co-presenter, to eliminate marketing presentations. Panel presentations are also encouraged. Multiple submissions are welcome.
